Rocket Launch Outing

We plan to camp July 18th-19th out in the Mojave Desert. While there we will plan to launch model rockets. Because of the remote location, you can purchase and assemble much larger rockets than in the past. (Please no G or H engine sizes). Buy your own rockets and engines, assemble them, and be READY to fly.

We'll leave from St. Raphael's at 7:00am on the 18th, and return on the 19th around 4:00pm.

The temperatures will be 108 degrees as the high, and 78 degrees as the overnight low, with a 17 MPH wind. Bring your tent, plenty of water and plenty of sunscreen. No facilities will be available, so bring a shovel, too.

Iron Chef – Trailhead

Our annual series of Iron Chef competitions will break the boys up into two teams, and have them cook their own dinner – with some limitations they learn when they arrive. Remember, this meeting starts earlier than normal (6:00pm) on July 15th to allow time to cook, eat and cleanup. This time we will be working with the assumption we are cooking at a trailhead, with all the restrictions that implies. Menu to be determined! **Bring your messkit!**

Adult judges are needed.

Troop Emergency Preparedness Award

In July, we're making an effort to Be Prepared! From first aid, to stocking supplies, we're working on Individual, Family and Community Preparedness for emergencies and disasters, both man-made and natural. We'll get the troop ready, then sometime soon attend a community preparedness training. Watch for it!
